The Information Pack

Peter Maskell Auctioneers and the Seller believe the information contained in this Information Pack or in any other written or electronic material furnished or information orally transmitted to a potential purchaser (including, but not limited to, any opinion, information or advice that may be provided to a potential purchaser by Peter Maskell, the Company and the Seller or any of their respective directors, officers, employees, agents or advisors) to be accurate in all material respects, but expressly disclaim any and all liability to Peter Maskell Auctioneers, the Seller and the Company (and any of their respective directors, officers, employees, agents or advisors) (in whose favour this constitutes a stipulatio alteri capable of acceptance at any time) for representations, warranties or statements contained therein as well as the accuracy, reasonableness or completeness of any such information.

In providing this Information Pack or in any other information transmitted to a potential purchaser, no obligation is undertaken to update the information contained therein, to correct any information contained therein or to rectify any omission therefrom. Peter Maskell Auctioneers and the Seller expressly reserve the right (in their discretion and without liability) to amend this Information Pack or any other written or electronic material furnished or information orally transmitted to a potential purchaser.

Important Note

The Purchaser should provide a letter with a detailed description of how you intend to finance the balance of the purchase price for the acquisition of the Farms and Assets, including details of the sources of funding, support or commitment letters from your funding banks (evidencing the availability of debt and/or cash funds) and an outline of the intended process for securing committed funding, including any potential conditions precedent or other issues relating to the draw-down of such funding. In this regard, we note that funding comfort is of paramount importance to the Seller and the greater comfort which the letter is able to provide the Seller in this regard, the more favourably the Tender will be viewed by the Seller.

Method of sale

Tenders are invited on the following basis:

1. Remainder of the farm Uitval no. 7341, Registration Division FS in extent of 361.0246 ha
2. The farm Geluk no. 18369, Registration Division FS in extent of 391.8267 ha
3. Farm in its entirety both portions Remainder of the farm Uitval no. 7341, Registration Division FS in extent of 361.0246 ha and The farm Geluk no. 18369, Registration Division FS in extent of 391.8267 ha

DISCLAIMER

Peter Maskell Auctioneers and the Seller expressly reserve the right, at their sole discretion and without giving notice or reasons therefore and without any indemnity or liability of any kind, to amend, modify or terminate the Tender Process in any way and with respect to any or all of the potential purchasers at any time. For the avoidance of doubt, neither Peter Maskell Auctioneers nor the Seller shall be under any obligation to accept, review or to consider any proposal submitted by a potential purchaser regardless of whether such proposal is submitted on time in accordance with the procedures outlined in the Tender Document. Peter Maskell Auctioneers and the Seller also expressly reserve the right at their sole and absolute discretion to reject any or all proposals or to negotiate with any potential purchaser on any terms and whether individually or in parallel with other negotiations, with respect to any transaction involving the Company or the Business and on any timetable, without assigning any reasons therefore or to enter into a binding agreement relating to the Company or the Business without prior notice to any other potential buyer.

Peter Maskell Auctioneers and the Seller may at any time, in their sole and absolute discretion and without giving reasons or prior notice, enter into any special arrangements with any potential purchaser and/or any other third party without notifying other potential purchasers.

This Information Pack nor any documents and/or information made available to a potential purchaser constitutes a Tender to sell the subject matter described in information pack, the Information Pack or any documents and information made available to a potential buyer. A Tender will be deemed accepted by the Company

only when a formal and binding Tender Document has been executed by all relevant parties. Until such time, none of the Seller, the Trust nor Peter Maskell Auctioneers nor any of their respective subsidiaries or affiliated companies, directors, employees, officers, agents or advisers (in whose favour this constitutes a stipulatio alteri capable of acceptance at any time) will have any liabilities or obligations to any potential purchaser, and, following such time, the only obligations of the Company or any of their subsidiaries, affiliates or advisers will be those set forth in the definitive and duly executed Tender Document or any agreed reliance letters.

Peter Maskell Auctioneers and the Seller will not be required to comment on any Tender to acquire the Business, or other information provided by you in connection with the Proposed Transaction. Peter Maskell Auctioneers and the Seller will under no circumstances be required to draw your attention to any possible mistakes, misinterpretations or miscalculations on your part. You accept that you will be solely responsible therefore and you expressly, irrevocably and unconditionally waive any right, recourse or claim against Peter Maskell Auctioneers, the Seller and the Trust or any of their respective Trustees, officers, employees, agents or advisers (in whose favour this constitutes a stipulatio alteri capable of acceptance at any time) in this respect.

In addition, you will not be entitled to claim any form of exclusivity with respect to the Tender Process, and Peter Maskell Auctioneers and the Seller are not obliged to enter into exclusive negotiations unless and until same may have been explicitly and expressly agreed upon by means of a written contract duly signed by or on behalf of the Company, as the case may be.

It is emphasised that, at all times throughout the Tender Process, you will be responsible for your own costs and expenses in relation to the Tender Process and the Proposed Transaction.

No representation or warranty is given and no liability is accepted by Peter Maskell Auctioneers, the Seller and the Trust nor any of their respective subsidiaries or affiliated companies, directors, employees, officers, agents or advisers (in whose favour this constitutes a stipulatio alteri capable of acceptance at any time) as to the accuracy or completeness or otherwise of the matters described in the Information Pack or any other information provided to you as part of the Proposed Transaction, any forward looking statements or information of any other sort.

By submitting a Tender, you agree not to make any claim against the Company, Peter Maskell Auctioneers, the Seller and/or any of their directors, employees, officers, agents or advisers (in whose favour this constitutes a *stipulatio alteri* capable of acceptance at any time) in relation to the Tender Process.

Situation and locality

Macro Location

The Property is located in the Rosetta/Kamberg area, in Kwazulu-Natal. Rosetta is a small village situated midway between Mooi River and Nottingham Road in the Natal Midlands.

Micro Location

The Property is located west of Mooi River in the well-established farming area of Kamberg. The surrounding properties comprise commercial farms, predominantly used for dairy farming purposes and cropping farms. There are also lifestyle smallholdings in the area.

The property and improvements

The farm is currently operating as a dairy, with irrigated and dryland pastures, dryland maize, a small timber plantation and veld grazing. The dairy comprises a 30-point swing over milking parlour

The farm comprises 2 adjoining farms dissected by the district road that divides the farms which are held under separate Title Deeds.

All improvements are located on Remainder of the farm Uitval no. 7341 also known as Danesfort

Remainder of the farm Uitval no. 7341 also known as Danesfort

Main Farm House	
Improvement Area	±275m ²
Structure	Block
Roof	CGI
Description	Painted and plastered block under CGI roof with steel and wooden windows. Comprising of 4 bedrooms, 4.5 bathrooms, 2 lounges, 2 offices, kitchen and lounge/dining room.
Cottage	
Improvement Area	±72m ²
Structure	Block
Roof	Harvey Tile
Description	Painted block under Harvey tile roof with steel windows. Comprising 2 bedrooms and 2 bathrooms.
Garage

Bio Resource Groups

The Properties are situated in two Bio Resource Groups, these being Group 9 known as "Dry Highland Sourveld" and Group 8 known as "Moist Highland Sourveld", and two Bio Resource Units, these being Vd4 -Moorriver (87%) and Wd8 - Tintern (13%).

Bio Resource Group	9 – "Dry Highland Sourveld"
Bio Resource Unit	Vd4 - Moorriver
Percentage of Subject Property	87%

Description of Natural Resources	General
Area	Area total area of this BRU is 49866ha.
Altitude	Altitude varies from 1,298 to 1,762 metres above sea level.
Terrain	Predominant - rolling Secondary - broken
Slope	Predominant - moderate (defined as slopes varying from 5 to 12%) Secondary - steep (defined as slope >12%)
Mean Rainfall (mm)	778mm
Temperature	Average 15.1 °C
	Minimum 8.8 °C
	Maximum 21.6 °C
Relative Humidity	72% (Mean daily %)
Frost Severity	Severe
Soils Summary	<ul style="list-style-type: none"> • Shallow soils, duplex soils, and soils of moderate to poor drainage present an erosion hazard if not managed correctly. • 32.2% of the soils are shallow • 3.2% of the soils are duplex • 34.4% of the soils are of moderate to poor drainage • Site selection for any activity must be carefully considered to avoid degradation of natural resources. • In addition 22.8% of even the more gently sloping areas of the BRU is too rocky to cultivate. • Before development can take place the annually arable land [31.0%] should be identified and retained as primary food producing areas. Prior to development other than for food production, specialist advice must be sought to identify the annually arable areas.
General Agricultural Suitability	
Farming system	Semi-Intensive
Land potential rating for production	The BRU has a good potential. There are infrequent and/or moderate limitations due to soil, slope, temperature or rainfall. Appropriate contour protection must be implemented.
Grazing Capacity	
Average Grazing Capacity	2.0 ha/AU (This refers to the grazing season of 250 days only. Subsequently, supplementation will be required)
Length of Grazing Season	250 days
Length of Dormant Season	115 days
Length of Recommended Rest	25% of the grazing area should be fully rested during the growing season (from first rain to first frost) every 4 years.
Bio Resource Group	8 – "Moist Highland Sourveld"
Bio Resource Unit	Wd8 - Tintern
Percentage of Subject Property	13%
Description of Natural Resources	General
Area	Area total area of this BRU is 11571ha.
Altitude	Altitude varies from 1,325 to 1,723 metres above sea level.
Terrain	Predominant - rolling Secondary - roken.
Slope	Predominant - moderate (defined as slopes varying from 5% to 12%) Secondary - steep (defined as slope >12%)

Mean Rainfall (mm)	826	mm
Temperature	Average	14.8 °C
	Minimum	8.1 °C
	Maximum	21.6 °C
Relative Humidity	71%	(Mean daily %)
Frost Severity	Severe	
Soils Summary	<ul style="list-style-type: none"> • Shallow soils and soils of moderate to poor drainage present an erosion hazard if not managed correctly. • 39.0% of the soils are shallow • 34.3% of the soils are of moderate to poor drainage • Site selection for any activity must be carefully considered to avoid degradation of natural resources. • In addition 33.7% of even the more gently sloping areas of the BRU is too rocky to cultivate. 2.5% of the BRU is too steep for annual cultivation. • Before development can take place the annually arable land [21.0%] should be identified and retained as primary food producing areas. Prior to development other than for food production, specialist advice must be sought to identify the annually arable areas. 	

Unregistered Rights

As far as can be ascertained, there are no Land Claims on the Subject Property.
